Beachfront Luxury Vacation — Hemingway House Hemingway

House is a beautiful coral stone plantation-style house designed by architect Larry Warren. This home is ideal for a large family or friends looking for a private beachfront retreat with modern amenities. This luxury 2 story villa features ceiling fans and air conditioning throughout. The villa's ground floor comprises a beautiful indoor/outdoor living-dining room that opens onto the wrap-around ocean-view terrace, the ocean-facing veranda offers an alfresco dining area.
