Rental Details

The Villa Milestone occupies a commanding position just steps from Grace Bay Beach, its elevated aspect delivering panoramic ocean views that stretch uninterrupted to the horizon. This is a property conceived at a different scale to the typical villa — part private residence, part thoughtfully designed resort — where almost an acre of manicured grounds, two oceanfront pavilions, a 50-foot heated pool, a spa room, and a regulation pickleball court sit alongside the kind of attentive, personal service that makes a stay here feel genuinely effortless.
