Wind Chime

Turks and Caicos, Caribbean, Turtle Tail

8 4 4.5

Rental Details

The Villa Wind Chime Villa is a striking contemporary retreat on the sought-after shores of Turtle Tail, where modern Balinese design meets the elemental rhythm of the Caribbean. Set across nearly 10,000 square feet of thoughtfully composed space, the villa is defined by clean architectural lines, warm Ipe wood ceilings, and an effortless indoor-outdoor flow that places the ocean at the centre of every experience. Designed around the four elements — earth, fire, water, and air — the property invites a sense of balance and calm from the moment you arrive.
