Rental Details

The Villa Pastiche Two is a two-bedroom villa on the third floor in Sandy Ground, with a furnished balcony that looks out over Salt Pond. Two matching king suites make it ideal for two couples travelling together, and a flexible office space with two daybeds means a family can bring the children along too. Both suites are finished to the same high standard, so no one draws the short straw. It is a polished, practical retreat in one of Anguilla's most characterful corners.
