Rental Details

The Villa Angel Point is a newly refurbished six-bedroom sanctuary positioned on the point of Little Harbour's calm, protected bay. Completely restructured in 2023, this contemporary villa captures the essence of relaxed Caribbean luxury—floor-to-ceiling sliding doors dissolve the boundary between inside and out, allowing ocean breezes and light to flow through every room. Two distinct structures—the main house and guest bungalow—ensure privacy while maintaining connection, with views of St. Martin's distant mountains framing nearly every vantage point.
