The Villa Bird of Paradise is a true masterpiece—named one of the "Top 20 Villas in the World" by Islands Magazine, this Balinese-inspired sanctuary perches above a perfect crescent beach at Sandy Hill Bay. Designed by award-winning architects Wilson Associates, the villa achieves a rare artistry: exotic architectural vision realized with authentic Caribbean simplicity. The compound of four interconnected buildings winds through lush vegetation, creating intimate spaces and private alcoves while maintaining sophisticated connection throughout. Every element—wooden accents, hardwood floors, island antiques, the extraordinary triple-pool system—speaks to meticulous curation and genuine luxury.
