Rental Details

The Villa Kishti West is a contemporary oceanfront sanctuary positioned directly on Meads Bay's pristine sands. Designed by renowned architect Cecconi Simone, the villa embraces modern minimalism infused with Caribbean warmth. Five spacious bedrooms occupy this glass-walled masterpiece; floor-to-ceiling windows dissolve boundaries between interior comfort and beach views. The villa's architecture celebrates transparency and light; every room frames Meads Bay's turquoise waters. Contemporary furnishings balance sophistication with livability; the design serves the extraordinary setting rather than competing with it. This is a retreat for those understanding that authentic luxury means beautiful spaces facilitating genuine relaxation and gathering.
