Rental Details

The Villa Songbird Villa is a contemporary sanctuary overlooking Rendezvous Bay, one of the Caribbean's most celebrated beaches. This newly completed four-bedroom residence harmonizes modern design with traditional Caribbean touches, creating a refined retreat where every window frames views of turquoise water and St. Martin's distant mountains. The flow from interior to the infinity pool to the bay beyond is seamless—opening the villa to the island's rhythm and light. Designed for both small intimate gatherings and larger celebrations, Songbird combines privacy with a natural sociability, where every space—living area, pool deck, terrace—invites togetherness without demanding it.
