Rental Details

The Villa Perched above the honey-colored sands of Meads Bay, The Cottage captures the essence of barefoot Caribbean elegance. This intimate three-bedroom hideaway feels like a secret discovered rather than a booking made—a place where the rhythm of life slows to the pace of the tide. Floor-to-ceiling windows frame an ever-changing tableau of ocean light, while the open-air design invites the sea breeze to drift through every room. The villa's understated luxury speaks through thoughtful details: premium linens, a spa-like bathroom with soaking tub and rainfall shower, and furnishings selected for comfort rather than ostentation.
