Rental Details

The Villa Zenaida Estate unfolds across Sandy Hill Bay as three distinct residential structures—Flamboyant Villa, Loblolly Villa, and Garden Cottage—creating a private compound that functions as both intimate hideaway and versatile family gathering place. Seven bedrooms distributed across the three homes provide flexible accommodation for groups who value both togetherness and privacy. Open-air living spaces and multiple pools create distinct zones for relaxation, recreation, and connection. This is sophisticated vacation living: spacious common areas for shared meals and entertainment, private suites for individual retreat, and service infrastructure supporting multi-generational or multi-family vacations.
